RE: Patient: **Christine Li**
Date of birth: 1954-10-25

Dear Colleague,

I would be grateful if you could see the patient named above at your earliest opportunity.

I would value your assessment of the following problem: Evaluation of chest pain on exertion. The urgency of this referral is urgent.

The patient knows about this referral and expects a call from your scheduling staff. Please send your findings to our office when the visit is complete.

Sincerely,

Joyce Khan, DO
Wickford Women's Health
